Granite Stone Lantern

Today, granite stone lantern and marble stone lantern are primarily used for garden enhancements and for visual delight, also they used to light doorways or pathway to shrines and temples. Pre-drilled with a hole for electrical - Granite stone lanterns that state they are "pre-drilled with a hole for electrical" means that the lantern is drilled with a approximately a 3/4" hole up through the inside of the granite lantern up to the light box. This is a wonderful feature for it allows you to install low voltage electrical wiring if you should decide to enlighten in your garden! Hand Carved illuminated granite stone lantern will leave a lasting impression in your garden.
